

Medallion Pools Liner Corner Stairs

Was your pool built without stairs? Are you getting older and the climb up and down the pool ladder isn't like it used to be? Have you been told that installing a set of swimming pool stairs into your existing pool would require that your concrete deck be broken up and that the cost would be several thousand dollars? Are you having a new pool built and your yard size will not allow you to install pool stairs that extend beyond the edge of the pool?

If you answered yes to any of these questions then you need a set of Medallion Corner Stairs!

Just look at these features:

- Manufactured to our highest quality standards to assure easy and accurate assembly.
- All 14 guage galvanized steel structure means these stairs are strong and built to last.
- Can easily be assembled and installed in less than one hour.
- Standard models are available for both 42" and 48" pool walls.
- Standard models available to fit a true 6" radius corner, a square (90 degree) corner, or a 6" radius diagonal corner (4-1/2" diagonal).
- If one of those models doesn't fit your pool don't worry. Custom stairs are available, just contact your Medallion representative for assistance.
- Excellent option for pools with retractable covers.

Medallion Pools Custom Liner Stairs

Need custom made stairs for your inground pool? Look no further than Medallion. Wall to wall and recessed liner stairs are some of our top sellers. All of our stairs are manufactured from top quality 14 guage galvanized steel for strength and durability. Our unique design allows us to offer you a product that is not only of the highest quality, but also incredibly affordable.

- Easy to install.
- Available for virtually any shape or wall height, including freeform pools.
- Extended tread widths available for suntanner and lounging areas.
- Excellent option for pools with retractable covers.
