

# MEDALLION POOLS SMARTWALL DESIGNS

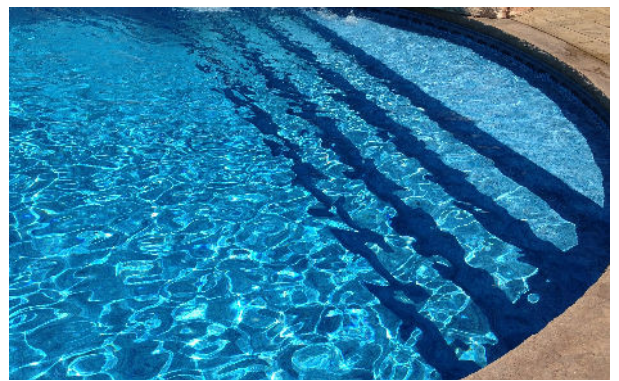

QUALITY AFFORDABLE POOLS...  
THAT'S MEDALLION POOLS

Medallion Pools has been providing the swimming pool industry Quality Affordable Pools since 1960. With advanced manufacturing techniques there is no question that these products will bring many years of enjoyment to every family that has one in their back yard.

### What is a SmartWall Pool

The SmartWall pool is manufactured for strength, durability, and years of enjoyment for you and your family. It is an insulated swimming pool that is environmental friendly. With an EPS foam core and marine grade aluminum, there is no need to worry about rusting. The insulated walls are two inches thick with a buttress bracing system that provides unbelievable strength. SmartWall pool walls incorporate Medallion Pool's Xtremelock system interlocking the EPS to the aluminum so it creates a solid, strong, and monolithic pool wall. Medallion Pools manufacturing process and quality control produces only the finest products with all state of the art equipment so you can rest assured your SmartWall pool will be with your family for many years of enjoyment.

# Medallion Pools SmartWall Pool

## Why SmartWall Pool

You are planning on making an investment in your backyard and your family, don't just choose any pool. Choose a pool that has the quality and features that other pools are lacking. Don't settle for anything less than a SmartWall pool in your backyard.

## Environmental Friendly

With two inch thick walls, the SmartWall pool is fully insulated so it will be able to keep your pool water warmer than other pools on the market today, saving you money and energy. If you have a heater you will save even more money due to fewer running cycles. Extend your swimming season and save money doing it! SmartWall pool's unique design makes it light-weight therefore saving money on shipping cost and fossil fuels it would normally take to transport other pools to the jobsite.

## Shapes & Sizes

Looking for a particular shape or size? There is virtually no limitation with the SmartWall pool. From small pools to big pools, from rectangles to custom freeform shapes. If you can dream it, Medallion Pools can manufacture it. With the SmartWall pool you can have it all!

The SmartWall pool is unlike most pools on the market today.

Take a look at these features:

ALLIANCE

Medallion Swim Pool Company, Inc. tries to associate with the best pool contractors and dealers. Dealers and contractors installing or selling Medallion Pools are independent business people. Medallion Swim Pool Company, Inc. does not assume any responsibility for the installation, service performed, statements and/or opinions made in reference to our products by these independent contractors and dealers. It is up to individual contractors/dealers to meet all national, state and local building codes when installing any Medallion pool. Decking, siding, brick work and any other forms of finished work and material around the pools shown are for illustrative purposes only and are not a part of the pool package. It is up to the independent contractor or dealer to provide safety ropes, floats, safety diving and safety instructions. It is the homeowner's responsibility to make sure all safety signs are in the proper location and maintained. It is the homeowner's responsibility to guard the pool against unsupervised, unauthorized or unintentional entry. Please note that failure to obey safety/warning signs and rules can cause permanent injury or death. R-10 value may vary.
